For Everything There Is A Season, And A Time For Every Matter Under Heaven:

a time to be born, and a time to die;
a time to plant, and a time to pluck up what is planted;
a time to kill, and a time to heal;
a time to break down, and a time to build up
a time to weep, and a time to laugh;
a time to mourn, and a time to dance;
a time to cast away stones, and a time to gather stones together;
a time to embrace, and to refrain from embracing;
a time to seek, and a time to lose;
a time to keep, and a time to cast away;
a time to rend, and a time to sew;
a time to keep silence, and a time to speak;
a time to love, and a time to hate;
a time for war, and a time for peace.

Time . . .

Time is to him who seeks like a fleeting moment; to him who waits, an eternity. We, as members of a brief section of Time must strive to capture each fleeting moment, to live it fully, and to cherish it as a warm memory.

Our goal in this annual has been to represent a sample of the many phases of high school life . . . the Time of life which is a unique experience for every individual and which should never be forgotten.

A Time For Studies . . .

A Time For Gathering . . .

A Time For Activities . . .

A Time For Fun . . .

A Time For Honors . . .

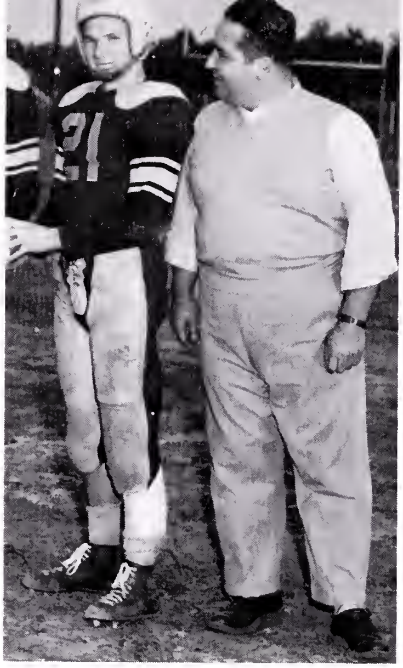

A Time For Change . . .

A Time For Parting . . .

A Time To Remember . . .

MR. PHILIP FRANCIS EDWARDS

Dedicated In Memoriam

We, the Senior Class of 1969,
dedicate this yearbook in memory
of Mr. Philip Edwards.

As sponsor of the Beta Club,
ICT, and the Annual, as well as
being Transportation Supervisor
and numerous other jobs during
his many years at Poquoson High
School, he has left his mark
indelibly on the school and on
the students--past and present.

We mourn his passing, and certainly,
we owe him the respect due a teacher
and friend who died before his time.

IN MEMORY OF PHILIP F. EDWARDS:

TEACHER, FRIEND.

Monday, March 10th, at Riverside Hospitial, Mr. Phillip Francis Edwards died after a brief illness. He was born in Surry County on June 17th, 1913. He resided at 652 Poquoson Avenue with his wife, Mary and his family.

Mr. Edwards was employed by the Poquoson School Board and served as an active member for 23 years, in Poquoson High School and in Princess Anne County.

He was an active member of Poquoson's Lion Club and was the past president and state sponsor of Beta Club, and past president of the York Education Association.

He was a World War II vetren..

A service was held Wednesday afternoon at 2:00 to honor him, and burial was in Oakwood Cemetary, Surry County. The service was conducted by the Rev. Lewis H. Morgan. Mr. Edwards was a member of the Tabernacle United Methodist Church, in which his service before burial was

community. He was a person who cared enough ran smoothly and spent his time, taking the responsibility to make certain they did.

It would seem so natural to see him in the hall, with all those keys, joking with the kids and talking to the teachers.

Everything at school is just the same. I'm sure we all aren't over the shock that he's really gone.

. . . A Delightful Trip To The "Isle Of Enchanted Dreams" . . . And The Arrival Of Junior Rings . . .

In this typical Junior study hall, Bernie Wright educates his classmates by reading "Peanuts" aloud.

The Junior year of any class is an important one. This is the year in which many events take place that will be remembered for a lifetime.

The Class of '70 proved to be both responsible and energetic, under the sponsorship of Miss Holloway and Mr. Campbell, giving the Seniors a memorable prom and participating actively in all school programs. Members worked hard in a sales drive in which they grossed over $1,300. The initiation of a class dues drive proved to be a big success. Financially, it was a very good year.

The excitement of selecting class rings was only exceeded by their arrival.

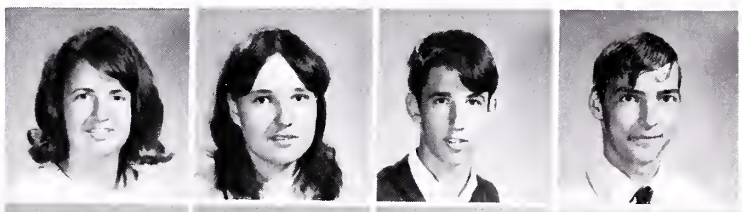

These active, conscientious students were forever on the go and were always working toward higher goals.

In The Skills That Develop Leadership.

Sophomores participated a good deal in extracurricular activities, and helped to build school spirit. A true appraisal of their contribution to school life is evidenced by their scholastic and athletic honors. Through these activities the school has absorbed them into its routine and its life.

Ninth Graders Achieve Freshman Title And Begin Participating In Extracurricular Activities.

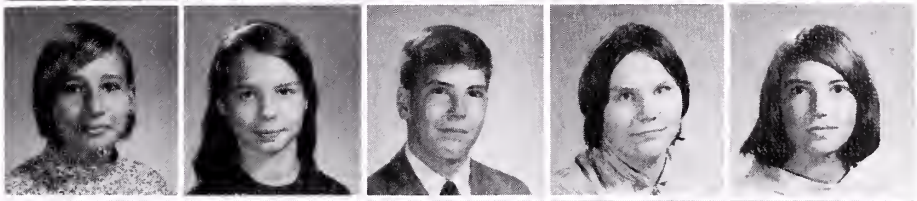

A good part of our clubs and Junior Varsity or Intermediate teams is supported by the fresh skills and talents of our Freshmen.

This year they directed their young energy into channels of work. They not only made up the bulk of clubs, and participated in sports, but their showing in Pep Rallies was heart-warming. Their effort paid off when the Freshmen won first place in the Homecoming Parade for the best float.

Eighth Grade Officers, Diane Watkins, Treasurer, Sally White, Secretary, Dennis Holloway, President, and Everett Jordan, Vice President, look toward their future years at P. H. S.

Rats Are Everybody's Favorites . . .

On the first day of school there were many unknown faces peering into doors, contemplating room numbers, and generally feeling lost. These strange invaders were the Eighth Graders. This year they constituted a vital part of our student body. They experienced the new freedom that high school life affords. And more than this, without Rats, who would the rest of us pick on?

Senior Farewell

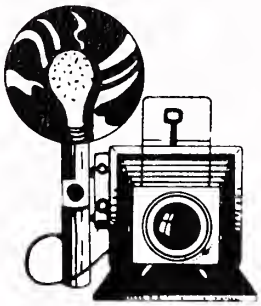

"Now Is The Time"

Dear Classmates, soon we must go,
The time has come for parting.
We shall miss each other so,
But now we must be starting.

We leave our schooldays behind,
The future waits now to greet us.
Up to new heights we will climb,
But memories of old friends won't leave us.

Now is the time when we must say farewell.
Soon we'll be leaving those we love so dear.
After we've gone, we'll not forget you here.
But now the time has come to say farewell.

GOOD SHIPS START HERE

Fine ships don't roll off a production line. They're built efficiently and well only by men whose skills and knowledge are broad. That's why Newport News begins at the beginning with its own selective Apprentice School.

High School graduates enter on the basis of academic record. But selectivity doesn't stop there. In classroom and shop, in the drafting room and out in the yard, each man's special abilities are watched and developed.

Some become skilled and versatile machinists. Others become expert electricians or precision tool makers. Many become supervisors. Some earn scholarships for advanced training at colleges and technical schools.

We think the School's a pretty inspiring place, because its end results are good men and good ships.
